

Inova Captain's Bed with SuperDrawer™ System

Top View

The Captain's Bed is available in two series:

The **Broadway Series** is built in melamine and laminate over particle board and veneer core ply.

The **Symphony Series** is built in Maple veneer over the same core materials. See **Finish Sheet** or panel samples for all finishes.

Each of the six drawers are 20" wide x 6-1/2" deep x 35" from front to back.

Takes standard twin-size mattress in any thickness.

Thick edgebanding is used around bed platform, cabinet edges, and drawer fronts (*Broadway*, 1/8" pvc; *Symphony* 1/4" maple).

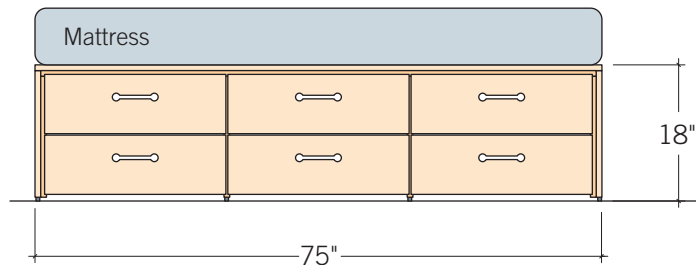

Drawers sides, and bottoms are constructed of 1/2" thick, 9-ply baltic birch for strength and durability.

Bottom drawers roll on wheels; this works well on hard or carpeted floors. Not recommended for rooms with throw or area rugs.

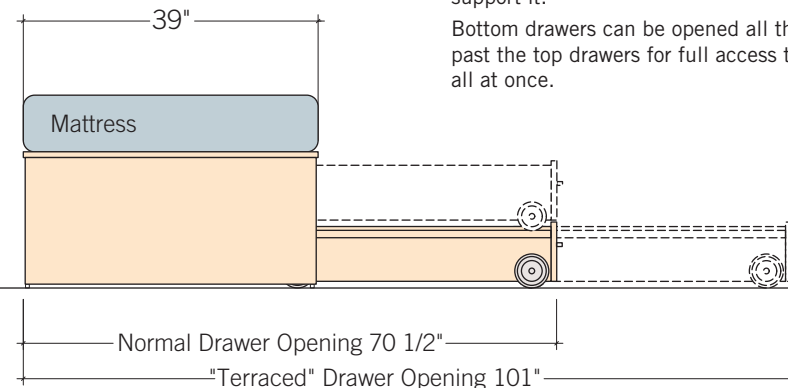

Non-skid surface on bed platform keeps mattress in place.

Ships by UPS, flat-packed in three boxes, each under 100 lbs.

Thorough and well-illustrated assembly instructions for quick and easy set-up.

Side View

The Inova SuperDrawer™ system:

Each bottom drawer opens independently. When the top drawer is opened, the bottom drawer below it automatically comes out to support it.

Bottom drawers can be opened all the way past the top drawers for full access to storage all at once.
